

Good afternoon, Wildcats!

Starting on Tuesday, November 12<sup>th</sup> we will begin to use the new bus loop for our bussing students and parent pick-up / drop-off lane for our parent transport students.

- Please use the right lane in the parent drop-off area to park and let your child out.
- Please remain in the vehicle and have your child exit through the passenger side of the vehicle.
- Parent drop-off / pick-up students will continue to use the same doors near the Kindergarten entrance.
- You can park in the drop off lane from the edge of the building down to the road, or from the top of the hill to the front edge of the building.
- If you notice the parking spots in the drop off are full, please wait patiently until a spot opens up. Again, our student's safety is our primary goal.
- Please do not park in the parking lot
- Once your child has exited the vehicle please pull out into the driving lane and exit the parent drop off lane.
- The same method will be used for parent pick-up in the afternoon.
  - Park in the drop-off lane and your child will walk to your vehicle
  - They need to enter through the passenger side door.
  - Once loaded you can pull out into the driving lane.
- There will be multiple school personnel outside to assist as needed.
- Thank you for your patience as we transition to this safer and more efficient arrival and dismissal routine.
