Jane Hall, Curriculum and Instruction

Dear Members of the Jasper-Troupsburg Central School District,

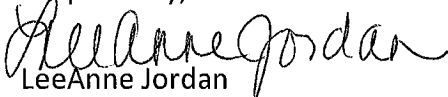

The last eight years have been filled with times of great joy in our district as well as times of definite hardship. It has been my privilege to be part of the Administrative Team during all of our highs and lows, as both the Elementary Principal and most recently as the Superintendent of Schools.

Jasper-Troupsburg is on the verge of what will unquestionably prove to be the most exciting time in its history since the merger of our two districts. With our FEMA projects coming to a close and the promise of returning our high school students, faculty and staff to Jasper becoming a reality; as well as the roll-out of a rigorous five-year Strategic Plan that will deeply involve the community in meaningful instructional opportunities for our students, the Wildcat Nation is on the pathway to tremendous success. With these two items of heavy operational and instructional impact ready to be put in motion, we all can take great pride in what has been accomplished in the face of adversity.

It is this confidence that I have in where our district currently stands, that allows me to feel at peace with passing the torch to our next Superintendent as I leave Jasper-Troupsburg and move into a position outside of our district where I can have a greater impact on instruction throughout the region. Our Board of Education is being very proactive in seeking an Interim Superintendent and beginning a Superintendent search as I finish out my time in my current position.

I am forever grateful for the opportunity to serve the Jasper-Troupsburg community, the memories that have been made, and the children I have been able to share with our families since 2016. I look forward to being an involved community member and continuing to be part of our students' lives through attendance at their athletic competitions as well as their educational and performing arts events.

Respectfully,

LeeAnne Jordan
